

## Suncoast Expands Chicago Showroom

SUNCOAST FURNITURE has signed a long-term lease with the Chicago Merchandise Mart for additional showroom space through July 2017. Suncoast acquired the space made available when Pride Family Brands moved during the Casual Market in September.

“We are excited to have the additional space needed to showcase our extensive product offerings,” said Rick Baker, national sales manager, Suncoast. “We simply outgrew our old space that has served us well over the last 10 years.”

Located in Fort Myers, Fla., Suncoast has manufactured aluminum furniture for 27 years. In 2006, Suncoast expanded to include several collections available by direct container from China while continuing to develop new product in Fort Myers.

“Our company president and CEO Paul Varshney has made a long-term commitment to its dedicated dealers and to the patio furniture industry,” Baker said. “It shows we are ready to meet the challenges ahead by being a strong, stable and reliable company to do business with.”
