

## Garden Accessories Courtyard to return to Casual Market

CHICAGO – The International Casual Furniture & Accessories Market will once again present the Garden Accessories Courtyard, a 10,000-sq.-ft. area that will be home to exhibitors showcasing outdoor accessories.

This dedicated exhibitor area will be located on the northwest side of the 8th Floor Market Suites during the market. The Garden Accessories Courtyard is home to exhibitor booths featuring decorative accessories, outdoor lighting, hearth products, tabletop, rugs, pottery, statuary and more.

Accessories have become an integral part of the outdoor living space and also a way for retailers to increase their store's profits. As an easy last-minute purchasing option, accessories not only add to a store's merchandising mix, they also add to their bottom line. Accessories are the go-to-component to update and complete an outdoor room.
